gr. weight / packing vol.	1.7kg / 0.023sqm
switching	external ON OFF
cable length	170cm textile cable
protection class	II
mechanical rating	IP20
rated voltage	220-240V, 50/60Hz
light source	E27 Med max. 60W 
optional	_dimmer _customized colours

The *bird* table lamp has a highly creative uniqueness. The base of anthracite coated steel tubes looks like randomly thrown over one another. In addition, the asymmetric curves of light-grey chintz create lightness. This impression is supported by a satin-finished diffuser on the top, dispersing the light softly.

shade

light grey

base

black
