

bent_mikado floor lamp

design Christian Finke, 2011

model	bent_mikado
dimensions (dxh)	ø42x145cm
materials	chintz, steel tubes
gr. weight / packing vol.	5.9kg / 0.375sqm
switching	external ON OFF
cable length	170cm
protection class	I
mechanical rating	IP20
rated voltage	220-240V, 50/60Hz
light source	E27 Med max. 150W 
optional	_dimmer _customized colours

Seemingly randomly assembled - three legs are opening up the body of the shade. Light-grey chintz and anthracite coated steel tubes are forming the base. Elastic strings serve as a connection between flexible shade and base. They are integrated true to form. Rhythm, asymmetry and tension are the key players. The kink develops the basic thought of form.

shade

light grey

base

black
